Johns Manville Roofing Price Increase

Our suppliers have announced raw material increases effective June 1st in addition to increases implemented earlier in the year. Due to these raw material increases and in conjunction with recent transportation cost increases, we are announcing an increase on all Polyiso products.

Effective July 1st, 2014 there will be a 5 - 8% increase on all Polyiso Roofing Insulation, Invinsa[®], and Invinsa[®] FR Products.

All orders must be received by June 13th and ship by June 30th based on available material and shipping capability to guarantee pre-increase pricing. The new price will be applied to all shipments on or after the effective increase date regardless of order placement date. Existing quotes will be honored but extensions will not be granted.

Thank you for your continued support.

Terry Faas
Director of Commercial Operations
