Canada Price Announcement: FOAMULAR® Foam & Accessory Insulation Products

Dear Valued Customer,

While we believe our previously announced price increase is both justified and necessary for our business, market developments have caused us to moderate the increase. We do this reluctantly as it is critical that we invest in our operations, innovation and programs to support your business and future success of our business.

Owens Corning Canada LP (“Owens Corning”) will increase Canadian prices on all Residential and Commercial Foamular® brand products by 6% on all orders shipping on or after April 25, 2014. Products included in this price increase are as follows:

<u>Product</u>	<u>Percent Increase</u>
FOAMULAR® Extruded Polystyrene Rigid Insulation	6%
FoamSealR™ Sill Gaskets	6%

Owens Corning reserves the right to limit the quantity of orders placed in advance of this increase. Orders shipped between March 21, 2014 and April 24, 2014 may not exceed your average monthly purchases in March and April, 2013. Quantities shipped above your monthly average will receive the new price level.

All orders shipping on or after April 25, 2014, will be priced at the new levels. Orders are required to be placed by April 17, 2014 in order to ship prior to April 25, 2014.

All new commercial job quotes for projects shipping on or after April 25, 2014, will reflect the new price level. Formally quoted pricing for existing jobs will be honored and escalators will be enforced.

New list price sheets will be issued shortly and your Owens Corning Area Sales Manager will be contacting you to review your new prices.

Thank you for your continued support of Owens Corning products and the opportunity to serve you. If you have any questions, please feel free to contact your Owens Corning Area Sales Manager.

Sincerely,

Greg Mather,
Vice President & General Manager
Owens Corning Foam Insulation, LLC

R.L. McFadden,
Vice President & General Manager
