Price Increase Announcement

To All Our Valued Customers,

Atlantic Coated Papers Ltd. values your business and we would like to thank you for your continued support.

As you may be aware, the price for unbleached (natural) kraft paper and bleached kraft paper was increased by all of our suppliers in late spring. We have tried not to increase our prices until we exhausted all of our inventory and we hoped that the price might go down by that time. Unfortunately, the price increase remains in place and now leaves us in the unenviable position of having to raise our selling prices.

We are announcing a price increase effective on all shipments as of September 1st, 2014.

Again, we thank you for your support and look forward to servicing your upcoming needs.

Sincerely,

David Granovsky
President
