

March 11, 2014

Dear EcoStar LLC Customer,

Twenty-five months have passed since EcoStar LLC issued a new price list.

During that period of time, the economy has continued to experience instability and raw material prices have risen significantly. EcoStar LLC strives to hold the line on pricing. In light of these factors, a new price list has been created. The effective date for the new pricing is April 15, 2014.

Please get in touch with our sales representative in your area or contact our customer service department (800-211-7170) with any questions.

Sincerely,

A handwritten signature in black ink that reads "Charles Taft". The signature is written in a cursive, flowing style.

Charles Taft
Vice President of Sales
EcoStar LLC
