

February 26th, 2014

Dear Customer,

Please take note that the prices of all our custom products will increase by 2% as of April 1st, 2014. As you might know, we have had important prices increases of our raw material (steel). Wages and freight have also increased annually, all of which have resulted in this new price increase.

Please take note that the standard products have not been affected.

We are doing all that we can to keep our price increase to the lowest level possible.

We would like to take this opportunity to thank-you for your continued support. If you have any questions, please do not hesitate to contact us at 800-665-4874.

Best regards,

Linda Ramsay  
Controller
