Re: Polyiso Price Increase Announcement – Effective July 1, 2014

The chemical suppliers of the key raw materials used in the manufacture of Polyisocyanurate insulation have instituted several cost increases within the last six months, with another recently announced increase for June 1. The cumulative effect of these increases is such that Carlisle must implement the following price increases, effective July 1, 2014.

SecurShield HD and HD Plus Cover Boards:	8%
HP-H Flat & Tapered Polyiso:	5%
All Polyiso composite products:	5%

Existing quotes will be honored, however new quotes will reflect these increases.

Thank you for your continued support of Carlisle. Please direct any questions to your Carlisle Regional Sales Manager.

Sincerely,
